

MRT PRIVACY KIT

The Privacy kit is made from PVC slats adapted to the height of the MRT panels. It's compatible with the Hércules®, Brico-Hércules® and ECO panels in 2.00 m and 2.50 m length versions. It's a stacked system, two kits can be placed one on top of the other to adapt it at any panel height. Installation with Easyclip® posts is recommended. No maintenance required.

CHARACTERISTICS

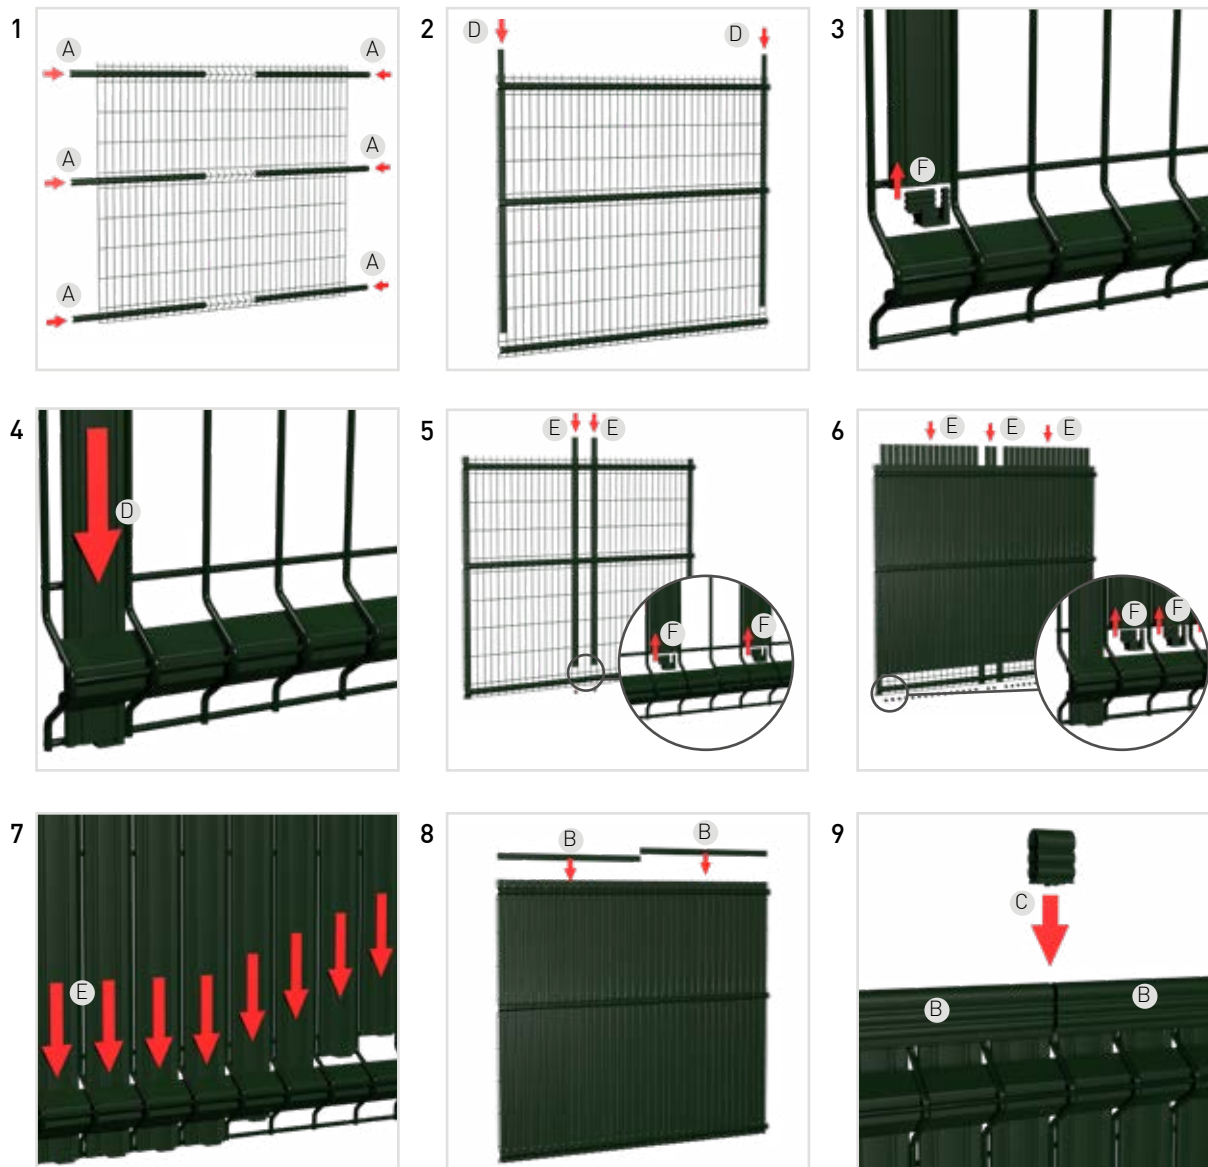

Compatible panel length (mm)	Compatible panel height (mm)	Available Colours	
2,000	1,025	<div>Green</div> <div>Anthracite</div>	
	1,225		
	1,525
