

MOSQUITO NETTING

CHARACTERISTICS

MRT mosquito mesh is a woven galvanized steel mesh.

Type	Height (mm)	Roll length (m)
18x15	600	30
	800	
	1,000	
	1,200	

Did you know...?

Regarding the mosquito netting, the "18x15" refers to the number of horizontal wires (18) and the number of vertical wires (15) on each French metric linear inch (27,78 mm)
