#### How to calculate the TOTAL GATE WIDTH? \*

**Single leaf** nominal gate width (mm) + (2 x post size (mm)) + 100 mm

**Double leaf** nominal gate width (mm) + (2 x post size (mm)) + 160 mm

#### How to calculate the PASSAGE? \*

**Single leaf** nominal gate width (mm) + 46,7 mm

**Double leaf** nominal gate width (mm) + 160 mm

\* For 4.0 m **single leaf** gate width and 3.0 m height, subtract 15 mm from the total.  
For 8.0 m **double leaf** gate width and 3.0 m height, subtract 25 mm from the total.
